

Purple Line

Community and Business Advisory Committee (CBAC)

2022 Application

The METRO Purple Line is a proposed 15-mile bus rapid transit (BRT) line serving the communities of St. Paul, Maplewood, Vadnais Heights, Gem Lake, White Bear Township, and White Bear Lake. The line will connect with existing and future light rail and BRT service of the METRO system, including direct connections to the Green Line, Gold Line, B Line, G Line, and H Line, as well as local and express bus routes. The line will increase accessibility to jobs, housing, and services, thus improving the attractiveness and competitiveness of the east metro area. Visit metrotransit.org/Purple-Line for more information.

The Purple Line's Community and Business Advisory Committee (CBAC) is established to provide guidance on community and business issues to the Project's Corridor Management Committee (CMC) that is made up of elected and appointed officials. The purpose of the CBAC is to serve as a voice for the corridor residential and business communities, advise the CMC, and:

- Serve as an information resource and liaison to the greater corridor community.
- Advise on communications and outreach strategies related to the Project.
- Provide input on project design and station area planning topics including but not limited to station design, transit-oriented development opportunities and access to stations (biking, walking, mobility device).
- Identify potential issues and strategies to mitigate the impacts of construction and operation on residences and businesses.

If you need assistance completing this survey or require language translation, please contact Liz Jones at elizabeth.jones@metrotransit.org or 651-602-1977.
